

Due: Tuesday, March 30th

Phone: (415) 905-1611 Fax: (415)905-1610

DEBRIS BOX, LADDERS & SCAFFOLD REQUEST FORM

Your Name: _____

Project Code: _____ Your Daytime Phone Number: _____

DEBRIS BOXES

Every project address will receive a debris pile pick up from Sunset Scavenger on the Monday following Rebuilding Weekend. The directions for separating the pile to assure the maximum recycling and ease are within the Garbage section of your binder. If you have deconstruction projects (fences, stairs, plaster and lathe), it may be easier for Golden Gate Disposal to drop a debris box.

Availability is extremely limited. It may be possible to arrange for smaller rolling boxes to be used for yard waste exclusively for the extremely overgrown yards. Please keep in touch with the Rebuilding Together office to coordinate your particular needs.

_____ Yes, I need a debris box. Date to drop off debris box: _____

SCAFFOLDING

Scaffolding is extremely expensive and the cost is subtracted from your project budget. If you need scaffolding, please let us know. The Rebuilding Together staff will get a bid for your particular project and let you know how much it will be.

Give us the date you need the scaffolding installed. Scaffolding is rented for 30 days.

_____ Yes, I need scaffolding Date scaffolding should be installed: _____

Scaffold the Front Of House _____

Scaffold the Back Of House _____

Scaffold the Side Of House _____ Which side ?

LADDERS

We have a limited number of ladders in the warehouse, available on a first-come, first-served basis. Indicate below which ladders you need. (If we have run out of ladders, you may rent them at a number of places. Check in the "materials" section of the binder for more information on ladder rental.)

Stepladder 6 Ft. _____ 8FT. _____ 10FT. _____ 12FT. _____

Extension ladders 12FT. _____ 16FT. _____ 24FT. _____ 32FT. _____
